## Career Opportunity – Environmental Technician

CPP Environmental provides environmental consulting services for the Alberta market, specializing in land and natural resource management. With expertise in the design and use of government policy and regulatory systems, CPP works with clients to develop industry-leading solutions tailored to the unique needs of each situation. Our expertise includes professionals in the field of Forestry, Land Management, Agrology, Biology, Aquatics, Wildfire Management, Water Management, Environmental & Natural Resource Policy, and Business. Visit [cppenv.ca](http://cppenv.ca) to learn more.

CPP Environmental is currently seeking a full time **Environmental Technician** to join our team of professionals.

Start date in early July.

Amenities very close to our office include:

- Millennium Place  
(<http://www.strathcona.ca/departments/recreation-parks-and-culture/recreation-centres/millennium-place/>)
- Major retail outlets
- Health and wellness services
- Public transit

Daily commuting to our office is easily accessible via the Anthony Henday, Whitemud Drive, and the Yellowhead Trail.

### Opportunity Description

Based out of our Sherwood Park office, the successful candidate will have the opportunity to work full time with a diverse group of environmental professionals to deliver high quality services and products to a wide range of industry and government clients.

Responsibilities include:

- Environmental and reclamation planning.
- Coordinate and perform site assessments (field work) including the gathering of required environmental documentation for regulatory applications.
- Developing and submitting regulatory applications (Public Lands Act, Environmental Protection and Enhancement Act, Water Act, and Federal Legislation).
- Coordinate and fulfill client requests.
- Working with stakeholders to satisfy planning requirements.
- Establishing and maintaining strong business relationships with clients.
- Manage a range of projects for assigned clients.

Both office and field work will be required to support project needs.

## Minimum Qualifications

- Post-secondary education in Forestry or other Environmental Sciences.
- Must have professional designation or be eligible for professional designation with one of the following professional colleges: College of the Alberta Professional Forest Technologists (CAPFT), College of Alberta Professional Foresters (CAPF), or Alberta Institute of Agrologists (AIA).
- Minimum two (2) full years of experience in the Forestry, Oil & Gas, or the Sand & Gravel industry.
- A valid driver's license.

## Ideal Candidate

The ideal candidate will have the ability to use their diverse background of skills and experience in developing and delivering high quality services and products to our clients.

Attributes of the ideal candidate:

- Ability to work on projects independently.
- Strong technical skills with practical experienced in their field of study.
- Credibility with industry, municipalities, and the provincial government.
- Demonstrated project management skills.
- Previous operational and reclamation planning experience in the Sand & Gravel industry. Specifically the development and submission of Conservation and Reclamation Business Plans, Activity Plans, or Water Act Applications to Alberta Environment and Sustainable Resource Development. Experience in the Forest industry as a Harvest Planner is considered equivalent.
- Experience in development of land use agreements, including consultation with industry, government agencies, First Nations groups, and other stakeholders.
- Knowledge and experience working on projects that deal with Alberta policy and regulations in relation to natural resource development.
- Well-spoken and able to articulate concepts and solutions clearly to clients and regulatory agencies in reports, presentations, and meetings.

A competitive compensation package will be offered corresponding with the candidates experience and skills. Please apply through the CPP Environmental website careers page [www.cppenv.ca](http://www.cppenv.ca).

Closing date: June 8<sup>th</sup>, 2015.
